Subj: Procedures Governing the Private Collection of Municipal Court Debt

Date: March 31, 2011

On January 16, 2010, L. 2009, c. 233 was signed into law. Among other provisions, the law authorizes the governing body of a municipality or the governing body of a county having a central municipal court to enter into a contract with a private collection agency or firm for the purpose of collecting outstanding municipal court debt. Pursuant to the legislation, an administrative fee, not to exceed 22% of the amount collected, is to be paid to the private collection agency or firm to pay for the cost of collection. The law further provides that the use of private collection agencies for these purposes shall be governed by rules and procedures adopted by the Supreme Court.

I am pleased to attach a copy of the *Supreme Court Procedures Governing the Private Collection of Municipal Court Debt Under L. 2009, c. 233*. This document, which codifies the procedures for using private collection agencies to collect outstanding municipal court debt, was approved by the Supreme Court at its March 8, 2011 Administrative Conference and is intended to standardize practices. In addition to specifying the procedures to be followed by municipal courts, the document provides guidance for participating municipalities and private collection agencies and firms. The document also outlines procedures to be followed by the Administrative Office of the Courts.

Of particular importance is that municipalities must receive approval from this office prior to entering into a contract with a private collection agency or firm (see Procedure 6.1). Additionally, only cases in which the court has exhausted all of its enforcement remedies are eligible for collection. As defined in Procedure 6.2, a court has exhausted its enforcement remedies when a defendant is delinquent on a time payment order and his/her case has been in one of the following statuses for a minimum of one year: the defendant's driver's license has been suspended, the defendant's vehicle registration has been suspended, or a warrant has been issued for the defendant's arrest.

Please feel free to forward a copy of these procedures to your governing body. For convenience, an electronic copy is available to municipal leaders and the public through the Judiciary's Internet site, which can be accessed at www.njcourtsonline.com. It has also been posted on the Judiciary's Infonet site (on the Municipal Court Services home page), which is available to court staff.

If you have any questions regarding these procedures, please contact Debra Jenkins, Assistant Director for Municipal Court Services at 609-984-8241.

L. 2009, c. 233

Preface

The New Jersey Judiciary, Municipal Court Services Division, is releasing procedures and guidelines for implementing L. 2009, c. 233, Private Collection of Municipal Court Debt.

The law permits the governing body of the municipality or county to authorize the assessment of a fee by a private collection agency or firm, not to exceed 22% of the amount collected, to be paid by the defendant to the private collection agency for the purpose of paying for the cost of collection. The new law also authorizes the Administrative Director of the Courts to contract with a private agency or firm to collect any outstanding monies payable to the Superior Court, the Tax Court, or the municipal courts.

The law clarifies that the only municipal court cases that may be sent to a private collection agency are those where the municipal court has made a final determination of guilt, the municipal court has exhausted all judicial enforcement remedies, and the Administrative Director of the Courts has authorized private collection.

Further, the law provides that the use of private collection agencies shall be governed by rules and procedures adopted by the Supreme Court.
