Adoption of Directive

The Supreme Court approved the Directive on the recommendation of the Judicial Council and its Management and Operations Committee. This Directive was the result of an extensive development and vetting process undertaken by the Special Civil Part Management Committee, Conference of Civil Division Managers, Conference of Finance Division Managers, Supervising Special Civil Part Judges Committee, Conference of Civil Presiding Judges, Administrative Council, Civil Practice and a representative sample of Special Civil Part Officers from the southern, central and northern regions of New Jersey.

Effective Dates

Other than as expressly set forth in this paragraph, the provisions of Directive #01-15 are effective immediately. The following specific provisions of the Directive have extended effective/implementation dates, as indicated:

ADMINISTRATIVE DIRECTIVE #01-15 (promulgated 01-08-15)
SPECIAL CIVIL PART OFFICERS – POLICIES AND PROCEDURES

[Supersedes (1) Directive #07-13 (as promulgated 12/10/13), (2) Bond and Insurance Coverage Supplement Dated 5/1/14, and (3) Annual Financial Examination Standardized Format Supplement Dated 6/30/14]

Special Civil Part Officers are officers of the court. Their responsibilities include, but are not limited to, serving summonses and complaints in landlord/tenant actions, serving and executing warrants for removal in landlord/tenant cases, serving goods and chattel writ executions, wage executions, writs of replevin and other process, as ordered by the court. Special Civil Part Officers also conduct sales of goods and chattels, remit execution proceeds to judgment creditors and perform such other duties as may be directed by the court or required by statute, court rule or administrative directive.

Special Civil Part Officers are not employees of the Judiciary. Their income consists of statutory fees paid by litigants for service of process issued by the court, pursuant to N.J.S.A. 22A:2-37.2. They retain a percentage of the money they collect pursuant to writs of execution against wages and chattels issued by the court and they receive fees for serving and executing warrants for removal issued by the court in tenancy actions. Special Civil Part Officers, defined in this Directive as serving “post-judgment process,” are those Officers and appointed aides, if any, that serve wage executions, goods and chattel writs of execution or are otherwise authorized to receive or levy upon a judgment debtor’s assets. Warrants of removal are a form of post-judgment process but are not included in this definition for purposes of differentiating various Officers’ responsibilities, as outlined herein, as Officers may be appointed to perform only limited or specific work unrelated to post-judgment process, such as service of original process and/or service and execution of warrants of removal.

Special Civil Part Officers are independent contractors appointed by order of the Assignment Judge upon the recommendation of the Civil Presiding Judge or designee. The appointment may be discontinued at any time at the discretion of the Assignment Judge.

II. Position Requirements

A. Qualifications. Candidates for appointment as Special Civil Part Officers required to perform service of post-judgment process must meet at least one of the following criteria:

1. The candidate shall have successfully attained a bachelor’s degree from an accredited college with no fewer than 30 credits in business law and/or accounting.
2. The candidate shall have been employed for no fewer than three years in the civil division of the Superior Court. Judiciary employees may apply for appointment as a Special Civil Part Officer but must resign from their judiciary position if selected for appointment.
3. The candidate shall have been employed on a full-time basis for no fewer than three years by an officer/process server of a New Jersey Court or by a bonded collection agency in the State of New Jersey in a managerial capacity.
4. The candidate shall have been employed as a full-time law enforcement officer. All persons qualifying under this provision must have performed, in their previous position, duties that were of an investigative nature for a period of no less than three years.

Relaxation of these guidelines may be necessary when suitable candidates do not meet one of the above qualifications; any such relaxations must be approved in writing by the Administrative Director.

- B. Ability to Perform Accounting Functions.** If the candidate intends to personally perform or oversee staff that will perform the accounting functions associated with the position, the candidate's ability to do so must be demonstrated. In the alternative, the candidate may utilize an accountant or accounting firm to perform the necessary accounting functions.
- C. No Judgments.** The candidate must not have any outstanding judgments against him or her and must provide recent copies (issued within 60 days of resume submission) of credit reports and credit scores from three major credit reporting agencies: currently, Equifax, Experian and TRW.
- D. No Criminal Record.** The candidate must not have a criminal record in the State of New Jersey, any other state, district or territory of the United States of America. Additionally, the candidate must agree to a criminal background check. If a candidate has a criminal record and has disclosed those facts, the Assignment Judge can request the Director of the Administrative Office of the Courts for an exception to appoint the candidate based on mitigating factors.
- E. Ability to Meet Bonding Requirements.** The candidate required to perform service of post-judgment process must be able to obtain an initial \$100,000 bond. Thereafter, the candidate must be eligible for increases in bonding as needed. See Section V(E) for additional information on bonding requirements.

III. Recruitment and Selection Process

The recruitment and screening of Special Civil Part Officer candidates is the responsibility of the Civil Division Manager or designee. The Vicinage Human Resources Division and Equal Employment Opportunity/Affirmative Action Officer shall not be involved in the recruitment or the appointment process as Special Civil Part Officers are not employees of the Judiciary. The Judiciary of New Jersey observes Equal Employment Opportunity/Affirmative Action principles in appointing Special Civil Part Officers.

A. Advertisement of Appointment Opportunity

The advertisement seeking candidates shall be labeled as a Notice of a Special Civil Part Officer Appointment Opportunity rather than a Job Opportunity or Notice of Vacancy and shall be in the form of Appendix A to this Directive which is entitled "Notice of Special Civil Part Officer Appointment Opportunity." If an appointment opportunity is for a Special Civil Part Officer to perform limited duties unrelated to serving post-judgment process then the attached Notice may be modified accordingly, as deemed appropriate by the Assignment Judge or designee. The Notice must be posted on judiciary bulletin boards but segregated from judiciary job opportunities and notices of vacancies. The Notice shall be posted on the judiciary's Infonet/Internet pages, in a category entitled "Special Civil Part Officer Opportunities," and may be placed in the classified advertising section of newspapers of general circulation in the Vicinage. Notices of Special Civil Part Officer Appointment Opportunity shall remain open internally and externally for a minimum of 10 calendar days.

B. Application Process

1. A Special Civil Part Officer candidate shall submit a cover letter and current resume to the Assistant Civil Division Manager for the Special Civil Part.
2. The candidate must complete a “Special Civil Part Officer Candidate Information Computerized Criminal History Authorization and Release Form” and submit it to the Assistant Civil Division Manager together with the cover letter and current resume. The Form is set forth in Appendix B to this Directive.
3. The candidate who will perform service of post-judgment process must provide a business plan which includes the following:
 - a. Business location that complies with Section VI-A of this Directive.
 - b. Identification of who will be responsible for performing the accounting functions associated with the position.

 - d. How the accounting system will be backed up.
 - e. How the historical accounting data will be recovered in the event of the loss of the accounting system.
 - f. How paper records, that cannot be reproduced and/or any assets levied upon, will be safeguarded against unauthorized access, theft, fire and water damage (i.e. safes, fire extinguishers, locking filing cabinets.)
 - g. The name of the financial institution and the branch where the Officer’s Trust Account will be established.
 - h. How financial instruments will be safeguarded prior to deposit to the Officer’s Trust Account.
 - i. How mail will be received (i.e. post office box versus street address).

C. Interview Process

The number of candidates selected for interview shall be sufficient to increase the likelihood of selecting a high level performer and reasonable efforts shall be made to ensure that minorities and females are given a fair opportunity to compete for the appointment. All candidates shall be given a uniform set of questions and shall be treated fairly and equally during the interview.

D. Recommendation of Civil Presiding Judge

Upon completion of the recruitment and selection process, the Civil Presiding Judge’s recommendation, or that of the Civil Presiding Judge’s designee, is conveyed to the Assignment Judge for consideration.

Directive #01-15 – Special Civil Part Officers – Policies and Procedures (Promulgated January 8, 2015)

IV. Appointment and Discontinuation of Appointment

A. Appointment

A Special Civil Part Officer's appointment is formalized by a court order signed by the Assignment Judge. See Appendix C, "Sample Order Appointing Special Civil Part Officer." The sample order contains a provision requiring the Special Civil Part Officer to agree to comply with all relevant statutes, court rules and administrative directives pertaining to Special Civil Part Officers, including the Officer's geographical limitation. The sample order provided in Appendix C should be modified if a Special Civil Part Officer is appointed to perform only limited duties unrelated to service of post-judgment process. The Officer's agreement to these terms is stated by the Officer's signed consent, which is a part of the Order. Any existing Order of Appointment that does not contain these requirements shall require the Assignment Judge to issue an Amended Order of Appointment that contains these requirements.

B. Discontinuation of Appointment

A Special Civil Part Officer's appointment may be discontinued at any time at the discretion of the Assignment Judge. Nothing contained in this Directive abrogates the authority of the Assignment Judge to discontinue the appointment of the Special Civil Part Officer at any time. Upon discontinuation of the Officer's appointment, the Officer shall immediately return to the Trial Court Administrator, or designee, all judicial and/or Special Civil Part Officer identifications, badges, parking decals and keys. The Officer shall continue to be obligated to comply with all of the requirements contained in this Directive for as long as the Officer continues to receive remuneration for any work previously assigned.

V. Special Civil Part Officer Policies --- General

A. Special Civil Part Officer's Aides and Supporting Staff

Special Civil Part Officers may employ aides, also known as a Deputy or Assistant Special Civil Part Officer, with the express approval of the Assignment Judge. A prospective aide shall complete a "Special Civil Part Officer Candidate Information Computerized Criminal History Authorization and Release Form" and submit it to the Assistant Civil Division Manager together with a cover letter and current resume. The Form is set forth in Appendix B to this Directive. An order of appointment must be entered by the Assignment Judge for any persons so employed and the order must include a provision setting forth the subordinate role of the aide to the Special Civil Part Officer and specifying the permitted duties or tasks that this person can perform on behalf of the primary Special Civil Part Officer. Any existing Order of Appointment that does not contain these requirements shall require the Assignment Judge to issue an Amended Order of Appointment that contains these requirements.

All aforementioned persons serving post-judgment process are deemed covered under the Special Civil Part Officer's surety bond. Special Civil Part Officers may utilize staff of their choosing to perform duties that do not include serving process. An order of appointment is not required for these individuals and they are deemed covered under the Special Civil Part Officer's surety bond. The Special Civil Part Officer shall be responsible for all the actions undertaken by their employees, agents or assigns while engaged in services on his/her behalf. Note that Judiciary employees cannot

be utilized, employed by or provide any service to the Special Civil Part Officer unless ordered to do so in a particular case by a judge.

B. Identification

All persons appointed by the Assignment Judge as Special Civil Part Officers, and their aides, if any, must obtain and carry an official badge and identification that contains a photograph, both in a form approved by the Administrative Office of the Courts. The Administrative Office of the Courts will provide the badge and identification at Judiciary expense for those officers appointed on or before October 1, 2014. For officers appointed after that date, badges and identification will be issued at the expense of the officer. Any replacement badges or identification for any officer will be issued at the expense of the officer.

C. Political and Other Non-Judiciary Activities

Special Civil Part Officers that serve post-judgment process must agree not to hold or be a candidate for any elected public office nor engage in partisan political activity. Partisan political activity is defined as activity that is primarily aimed at electing candidates. An organization or club whose primary purpose is engaging in nonpartisan political activity, but that may also endorse political candidates, is considered to be an organization or club that supports partisan political activity. This does not apply to a Special Civil Part Officer's appointed aide, if any.

Special Civil Part Officers that serve post-judgment process shall not hold any position or employment in private business nor engage in other gainful pursuit, including but not limited to, performing or charging fees for performing additional services beyond their official duties that are not required by statute, court rule or administrative directive, except as permitted by the Civil Presiding Judge in writing. This does not apply to a Special Civil Part Officer's appointed aide, if any.

Special Civil Part Officers that serve post-judgment process must provide a completed "Special Civil Part Officer Personal Disclosure Form" to the Civil Division Manager annually on or before July 1. See Appendix D, "Special Civil Part Officer Personal Disclosure Certification Form." The Special Civil Part Officer Personal Disclosure Certification Form is to be completed by all newly appointed Special Civil Part Officers that serve post-judgment process, within thirty (30) days of appointment, and by all existing Officers that serve post-judgment process. This does not apply to a Special Civil Part Officer's aide, if any. If there is any change to the information contained on this form, the Special Civil Part Officer must immediately submit a completed and revised Personal Disclosure Certification Form, with the new information thereon, to the Civil Division Manager.

A Special Civil Part Officer's failure to timely and/or accurately complete this form and/or any accrual of unsatisfied civil judgments, failure to report outside employment or personal or immediate family members' involvement in civil litigation in the county of appointment or pending criminal charges (4th degree charge or higher), shall require the immediate suspension of all work to the Special Civil Part Officer pending the Assignment Judge's assessment of the Special Civil Part Officer's ability to continue his or her performance of his or her duties.

D. Organizational Form of Special Civil Part Officer's Business

Limited liability companies and corporations may not be appointed as Special Civil Part Officers. Therefore, Special Civil Part Officers may not organize themselves as limited liability companies or corporations.

E. Bonding Requirements

All Special Civil Part Officers that serve post-judgment process shall be required to obtain a surety bond at their expense. The Special Civil Part Officer's appointed aide, if any, who is authorized to serve post-judgment process, and all employees working under the direction of the Special Civil Part Officer, must be covered and are deemed covered under the Officer's surety bond.

1. Bond

Upon appointment, the Special Civil Part Officer's surety bond shall be in the amount of \$100,000, if starting a new book, or an amount equal to three times the amount of the average monthly gross receipts during the current bond amount calculation period if assuming the responsibility of an existing account, and shall indemnify any party, including the State of New Jersey and the New Jersey State Judiciary, harmed by the Officer's or the Officer's employee's, agent's or assign's loss or misuse of funds. All Special Civil Part Officers shall submit the bond and all riders and/or updates thereto to the Trial Court Administrator and Vicinage Finance Division Manager along with proof of payment for the bond. The annual bond amount review and update will be required as noted in section 2 below.

2. Bond Amount Calculation Period and Bond Coverage Period

It is the responsibility of each Officer to maintain a surety bond for three times the amount of their average monthly gross receipts during the current bond amount calculation period or \$100,000, whichever is greater. The yearly bond coverage period for all officers shall be July 1 through June 30 to coincide with the required financial examination period.

As noted in Section VI-D of Appendix G to this Directive, each Special Civil Part Officer is subject to a financial examination for the period beginning on July 1 of each year and ending on June 30 of the following year. The bond amount calculation period shall be the first eleven months (July through May) of each examination period. Each officer shall calculate their average monthly collection figure for this eleven month period and multiply that average by three. The resultant figure or \$100,000, whichever is greater, shall be the required bond amount for the upcoming financial examination period. Each officer shall ensure that any increase or decrease to their current bond amount required as a result of this calculation shall be made effective by their bonding company on or prior to July 1.

The Trial Court Administrator may require, upon notice to the Officer with a detailed accounting in support thereof, an increase or permit a decrease in the amount of the bond at any time during the year as needed for the Special Civil Part Officer's bond amount to equal the sum of the Officer's collections for the preceding three months.

Directive #01-15 – Special Civil Part Officers – Policies and Procedures (Promulgated January 8, 2015)

3. Bond Requirements for Civil Part Executions

In matters cognizable in the Civil Part, where the judgment amount exceeds \$15,000 and the Civil Presiding Judge has assigned a civil part execution to a Special Civil Part Officer in accord with Rule 6:1-1(e), Special Civil Part Officers shall provide such bond or other security as may be necessary to indemnify creditors and the State of New Jersey in the event of loss or misuse of funds. (See Appendix F, Section III, A) This amount shall be set forth in the Civil Presiding Judge's order directing the writ to the Officer and the Officer shall be required to present proof of compliance with the bonding requirements to the Civil Division Manager and the Finance Division Manager prior to processing such executions.

VI. Operational Requirements for Special Civil Part Officers

A. Business Office Location

Special Civil Part Officers who perform service of post-judgment process shall maintain a business address in the State of New Jersey. The Assignment Judge or designee may require newly appointed Special Civil Part Officers to maintain a physical business street address in the Vicinage which can be provided to the public. Vicinages that do not require Special Civil Part Officers to maintain a separate business street address shall permit Special Civil Part Officers to meet with litigants in the courthouse from time to time as needed.

Special Civil Part Officers shall entertain visitation in their business office by court personnel during court business hours for Special Civil Part Officer related business, to be determined by the Assignment Judge or designee, and/or as the need arises.

The Officer’s COOP must include a plan to regularly back up the computer’s hard drive, and any and all electronically stored data that the Officer is required to maintain, which must be accessible off site in the event of an emergency or catastrophe to the structure where these records are maintained. The Assignment Judge and Trial Court Administrator shall designate the particular vicinage manager who shall be responsible to assess the COOP on their behalf and perform a site visit at the Officer’s business location to assess its compliance with these requirements. The designee, in his/her discretion, can utilize applicable vicinage staff to assist in this regard. 1. Acknowledgment of Receipt of Work

The Civil Division Manager or designee shall provide to all Special Civil Part Officers serving post-judgment process any available report that reflects the post-judgment work that has been assigned to the Officer such as the “Court Officer Fee Report (Report 219)” on a bi-weekly basis or once per month, as the Civil Division Manager or designee deems appropriate. The Civil Division Manager or designee can utilize a different report in this regard, as long as it meets this requirement, and they may also include additional assigned Officer work, that is non-post-judgment related, in their discretion and as the need arises. The Special Civil Part Officer shall review and advise, by initial or signature thereon or by email, that the Officer has received all the executions/work contained thereon prior to the issuance of the next report and/or to report if any executions/work were not yet received by the Officer so that the Clerk’s Office can provide the Officer with another copy of same.

2. Expired Writ Report

The Civil Division Manager or designee shall provide to each Special Civil Part Officer, who serves post-judgment process, the “Expired Writ Report (229X Report)” no less than twice a year. The Special Civil Part Officers shall return, if they have not done so already, all expired writs within 45 days of receipt of the aforementioned report. See Appendix F, Section II(A) regarding the required 30-day notice of intent to return a writ and release levies.

3. Review of Court Officer Writ Register

The Special Civil Part Officer must provide a copy of the Officer’s Writ Register required by Section VI(J) of this Directive to the Civil Division Manager or designee who will review 5% of the executions, up to a maximum of 100, for compliance with the requirements of this Directive on a semi-annual basis. Issues of non-compliance, if any, shall be brought to the attention of the Assignment Judge.

E. Review of Monthly Bank Reconciliations

Each month the Special Civil Part Officer serving post-judgment process must submit a copy of the trust account bank statement, the associated bank reconciliation, an outstanding check list, and an analysis of the adjusted bank balance documenting pending liabilities associated to these funds. Additionally, documentation must be included to support the manner in which any errors or discrepancies were addressed and/or any amounts presented on each schedule. This complete submission must be forwarded to the Finance Division Manager by the 20th day of the month subsequent to the bank reconciliation date. See Attachment A to Appendix G for examples of the three schedules required to be submitted monthly. If there are unaddressed errors or deficiencies, the Finance Division Manager will advise the Trial Court Administrator and Civil Division Manager. The Assignment Judge or designee will determine if additional work will be assigned to the Special Civil Part Officer while the errors or deficiencies remain unaddressed.

F. Review and Approval of Annual Financial Examination Reports

The roles of the Trial Court Administrator, Finance Division Manager, Civil Division Manager and the AOC's Chief of Internal Audit in the review and approval of Annual Financial Examination Reports submitted by the Special Civil Part Officers are set forth in Section VI(I-L) of Appendix G to this Directive.

G. Special Civil Part Officers Records Maintained by the Judiciary

Pursuant to Rule 1:38-5(r), records pertaining to a Special Civil Part Officer's audit, monthly reconciliations and Appendix Forms B, D and E herein are administrative records excluded from public access.

APPENDIX F to ADMINISTRATIVE DIRECTIVE #01-15

PROCEDURES FOR SERVICE OF PROCESS BY SPECIAL CIVIL PART OFFICERS

I. Service of Initial Process – Special Civil Part

All Special Civil Part Officers who serve initial process shall comply with the following procedures:

A. Procedures for Serving Summons and Complaint in Tenancy Actions

1. Timely Service

The Special Civil Part Officer will timely receive his/her assigned work in this regard from the Special Civil Part Clerk's office and they must, in turn, timely serve a tenant on or before 10 calendar days prior to the scheduled landlord/tenant trial date.

2. Personal Service

The Special Civil Part Officer to whom the summons and complaint have been assigned for service must first make an attempt to personally serve the defendant or anyone over the age of 14 who resides in the premises.

3. Posting

If the Special Civil Part Officer is unable to make personal service, the Officer must attach a copy to “the door of the unit occupied by the defendant or, if that is not possible, on another conspicuous part of the subject premises.”

4. Completing the Return of Service

If the Special Civil Part Officer succeeds in making personal service, the Officer must complete the section of the return of service that provides for the date of timely service and describes the individual served. If the Special Civil Part Officer could not make personal service, the Officer must describe the efforts made to personally serve the defendant and then describe the premises if the summons and complaint were posted. The return of service must indicate the date and time of service and be signed by the Officer.

A copy of the completed return of service must be delivered by the Special Civil Part Officer to the Special Civil Part Clerk's Office as soon as possible but no later than the court date.

B. Procedures for Serving Initial Process in Other Special Civil Part Actions

1. Time for Service

- a) The first attempt at service must be made within seven days from the date the Special Civil Part Officer received the process from the Special Civil Part Clerk.
- b) Within 30 calendar days after receiving process, a return must be made to the court.

-
- c) During this 30-day period, at least four attempts at service must be made. At least one attempt must be made after 6:00 p.m. during the week or on a weekend. Each date and time of attempted service must be noted by the Officer. If the process is unserved, the return must include a description of the premises where service was attempted.
 - d) If a return is not made within 30 days, no additional matters shall be assigned to the Special Civil Part Officer at the discretion of the Civil Presiding Judge until the Officer is no longer in violation of this provision.

2. Unserved Process

- a) It is the responsibility of the Special Civil Part Officer to provide as much information as possible when returning the initial process unserved. The Officer must advise the plaintiff of the specific reasons service could not be made. Examples of acceptable reasons are:
 - (1) Dangerous animal prevents service;
 - (2) Cannot gain entrance to premises, i.e., door locked, fence, etc.;
 - (3) Defendant receives mail at the address but does not reside there;
 - (4) Defendant is owner of the real estate but does not reside on premises;
 - (5) Cannot serve at place of business. This return must also include a certification as to the date, time, and name or description of the person who refused the Special Civil Part Officer permission to serve the process.

If the party to be served is on vacation, the Special Civil Part Officer is not entitled to a reissue fee unless the Officer has proceeded with at least four attempts at service as set forth above.

- b) If a specific reason is not given to the plaintiff, a Special Civil Part Officer is not entitled to reservice fees and mileage if the papers are reissued to the same address and if plaintiff presents proof that the previous address furnished is correct. This proof may be by verification from the post office or telephone calls to neighbors. Where telephone verification is used, plaintiff should include the name and telephone number of the neighbors contacted.
 - (1) If the address furnished is a large complex, the Special Civil Part Officer is only entitled to a reservice fee if he/she certifies that there is no directory, mailbox, or superintendent that would lead the Officer to the correct apartment or unit.
 - (2) If the Special Civil Part Officer cannot locate the address and the address does exist, no reservice fees shall be allowed.

3. Conflicting Mailing Address

It is the duty of a Special Civil Part Officer to complete service of process even if the street address of the place of service is actually in a town that has a different mailing address and a different mileage fee from the amount paid by the plaintiff. In the event that additional mileage

is due the Special Civil Part Officer, it is his/her responsibility to take the necessary steps to advise the plaintiff to send the additional mileage fee to the Finance Division with the docket number of the case. If the actual location is in a town that carries a lesser mileage than that paid by the plaintiff, the Special Civil Part Officer is entitled to retain the excess.

4. Communication with Parties

It is the duty of each Special Civil Part Officer to establish a location and a telephone number at which he/she can be reached any day during standard court hours of 8:30 am to 4:30 pm. The Special Civil Part Officer must return all telephone calls within 48 business hours. See Sections VI-A and VI-B, “Business Office Location” and “Business Hours,” respectively.

II. Service of Post – Judgment Process-Special Civil Part

Special Civil Part Officers who serve post-judgment process shall comply with the following:

A. Communication with Judgment Creditors/Attorneys and Court Officer Execution Returns

Special Civil Part Officers must notify the judgment creditor or the judgment creditor’s attorney within five business days when an execution has been received for his/her case. Requests from judgment creditors or their attorneys for information regarding the status of an execution should be responded to within 15 calendar days.

At the end of two years, a good and chattel execution (writ) is considered invalid and void, under *N.J.S.A. 2A:18-27*, and must be returned to the Special Civil Part Clerk’s Office marked “satisfied,” “partially satisfied,” or “unsatisfied,” with a notation of the exact amount collected by the Officer.

In the rare instance when a levy was made by the Officer within 30 days of the writ’s expiration, the Officer is permitted to retain this writ and levy for an additional 60 days from the date of the writ’s expiration, for the purpose to allow the judgment creditor to file the applicable motion to turnover. If during this time the Officer is notified that a motion to turnover has been filed with the court regarding this writ, then the Officer shall retain this writ further upon resolution of that motion. However, once the writ expires after two years, the Officer cannot levy upon any other of the judgment debtor’s assets or collect any money from the judgment debtor directly. Upon receipt of the expired writ register, the Officer shall advise the Assistant Civil Division Manager or designee, and provide a copy of each Certification of Levy previously submitted to the judgment creditor or their attorney, on those writs thereon wherein an asset was levied upon by the Officer within 30 days of that writ’s expiration.

Wage executions have no such time limit but also require a return to be marked “satisfied,” “partially satisfied,” or “unsatisfied,” with a notation of the exact amount collected by the Special Civil Part Officer. An Officer can mark an execution return “fully satisfied” only if the entire judgment amount and the officer’s entire commission were collected by the Officer personally and the return must provide the dollar amounts collected. The Officer can only reflect on an execution’s return how much money they collected personally; they cannot reflect the amount that the judgment creditor or the judgment creditor’s attorney may have received from a judgment debtor.

The Special Civil Part Officer must give the judgment creditor or judgment creditor’s attorney 30 days’ written notice of intent before they return every goods and chattel or wage execution. This is not required if the judgment creditor or judgment creditor’s attorney requests the officer to return the

execution. The creditor can submit, prior to the writ or wage execution's expiration or prior to an Officer's execution return, a certification stating how much additional or accrued interest must be collected before the execution is returned. However, an accrued interest request on a writ does not permit the officer to continue to collect beyond the two year expiration date of the aforesaid writ. The judgment creditor may also request the issuance of an additional goods and chattel execution (writ) to be reserved by the same Officer upon that same asset, if that Officer previously levied on that asset and/or is otherwise collecting upon that prior writ.

The 30-day notice of intent to return an execution shall state that all personal property will be returned and/or all levies will be released by the Special Civil Part Officer upon the return of the writ unless the writ is extended by order of the court, the judgment creditor obtains an additional writ (alias or pluries writ) that is timely served by the Officer upon the same asset or as otherwise provided herein. See Attachment A to this Appendix, "Special Civil Part Officer's 30 Day Notice of Intention to Return a Chattel or Wage Execution." Executions must be returned to the Special Civil Part Clerk's Office within two weeks of a request by the judgment creditor, judgment creditor's attorney or by the Special Civil Part Clerk's Office. The return of the execution is without prejudice to the Special Civil Part Officer's right to collect fees and dollarage that may be due.

B. Time and Place at Which Levy Can Be Made

Levies upon the judgment debtor's personal property, located inside the judgment debtor's home, another person's residence or garage attached to a residence, can be made only between the hours of 6:00 a.m. to 10:00 p.m., unless a court order provides otherwise. Special Civil Part Officers cannot enter and make a levy within the judgment debtor's home, another person's residence or the garage attached to a residence, without the judgment debtor's consent, unless a separate court order specifically permits the Officer to do so. Levies upon personal property that is not located inside a judgment debtor's home, another person's residence or garage attached to a residence can be made at any time. A Special Civil Part Officer can be required to levy upon a judgment debtor's property, outside the hours of 6:00 a.m. to 10:00 p.m., only if that property cannot otherwise be levied upon during those hours.

The Special Civil Part Officer shall issue a pre-numbered receipt for any cash seized and shall make a true inventory of all other property seized at the time of the seizure and shall annex a copy of the inventory and/or cash receipt to the writ. The Officer shall file same with the court and mail to the judgment creditor or judgment creditor's attorney and the judgment debtor, within five days after the levy, a certification of levy and a copy of the inventory, appraisement and cash receipts.

C. Appraisal Procedure to Ascertain \$1,000 Individual Exemption

A judgment debtor who is a natural person (i.e., not a corporation or limited liability company) is entitled to an exemption from execution of all wearing apparel and \$1,000 in cash or personal property. To determine the value of the personal property levied upon, for purposes of determining what will be exempt from sale, the Special Civil Part Officer appoints three "discreet and judicious persons" from the county who have no interest in the case, to appraise the property. The appointment must be in writing, contain an oath in which the appraisers swear or affirm to "faithfully, honestly and impartially" appraise the "true and intrinsic value" without regard to the fact that the sale will be made pursuant to court order, and it must be signed by each of the appraisers. On five days' notice to the judgment creditor or the judgment creditor's attorney, the appraisers set a time and place for the appraisal to take place. The appraisal must be in writing, include a list of the items appraised and their values, and be signed by the appraisers. The judgment debtor then selects items, up to \$1,000 in value, that are exempt from the sale.

If the judgment debtor is not present, the selection can be made by the spouse or family, and if they are not present, the selection is made by the Officer or appraisers. Each appraiser is paid \$1.00 for their services, which is added to the costs in the case. (See *N.J.S.A.* 2A:17-19 through 25.)

D. Levy Procedures

1. Bank Accounts

The Special Civil Part Officer levies on a bank account by serving a copy of the writ of execution on a manager or officer of the bank, savings and loan association or credit union where the judgment debtor has an account. The Officer must complete and mail a copy of the Notice to Debtor to the judgment debtor and the judgment creditor, or judgment creditor's attorney if they have an attorney, on the same day the writ is served reflecting the amount of money, if any, that the bank or financial institution advises has been levied upon. If the bank or financial institution fails to advise the Officer how much money, if any, was levied upon at the time he/she serves the writ, the Officer must still complete and mail a copy of the Notice to Debtor, as previously described, and reflect that the full judgment amount was levied upon. See Attachment B to this Appendix, "Notice to Debtor." Once the bank or financial institution notifies the Officer of the amount of the levy, if any, the Officer must execute a Certification of Levy reflecting the amount levied and send it to the judgment creditor's attorney or directly to the creditor if the creditor does not have an attorney. If the court issues an order directing the bank to turn over the seized funds, the Officer serves it on the bank and deposits the bank's check into the Officer's trust account. The Officer then deducts 10% for the Officer's fee and remits the balance to the judgment creditor's attorney or to the judgment creditor if they do not have an attorney.

2. Other Personal Property

The Special Civil Part Officer executes on other personal property owned by the judgment debtor by making an actual or constructive levy. An actual levy occurs when the Officer physically seizes the property and takes control of it. A constructive levy occurs when the Officer serves the writ of execution on the judgment debtor but decides, with the consent of the judgment creditor or judgment creditor's attorney and the consent of the judgment debtor, to leave the property in the possession of the judgment debtor until the writ is satisfied by payment or the Officer's judicial sale of the property. In either event, if the property consists of inventory that cannot be removed immediately from the premises where they are found, the Officer may lock the premises to prevent its removal by the judgment debtor. If the judgment debtor and creditor do not agree to a constructive levy, the Officer can return with a vehicle to remove and then store the inventory, with the judgment creditor or judgment creditor's attorney's permission. The cost of removing and storing the inventory is the immediate responsibility of the judgment creditor, who may subsequently be able to recover those costs from the judgment debtor. The judgment creditor or the judgment creditor's attorney, if they have an attorney, should provide the Special Civil Part Officer with a letter or other document stating that the judgment creditor will hold the Special Civil Part Officer harmless for any damages that may result from the seizure of the judgment debtor's personal property and that they will be responsible to satisfy registered lienholder's interests, if any, in the event the proceeds from any subsequent sale do not satisfy the registered lienholder's lien. At the time of the levy, the Officer shall provide the judgment debtor or custodian of the judgment debtor's assets with a list of the items seized, appraised in accord with section II(C) of this Appendix and a pre-numbered receipt for any cash that has been

seized. These procedures apply to motor vehicles but additional procedural requirements also apply (see below).

E. Levies on Motor Vehicles

Before the Special Civil Part Officer levies on a motor vehicle, the judgment creditor's attorney or the judgment creditor, if not represented by an attorney, can provide helpful information to the Officer, such as a title lien search reflecting that the name of owner of the motor vehicle is the same name that appears on the goods and chattel execution and that there are no registered lienholders on the motor vehicle. There are two options for levying on a motor vehicle:

1. Actual Levy by Seizure

The judgment creditor's attorney or the judgment creditor, if they are not represented by an attorney, must file or authorize the Officer to file on their behalf a title lien search form (DO-22 Motor Vehicle Commission Form that costs \$15) before a motor vehicle can be physically levied upon. The motor vehicle's year, make and VIN # are required in order to complete this form. The lien search results will reflect the existence, if any, of a registered lienholder. The judgment creditor or the judgment creditor's attorney, if they have an attorney, should provide the Special Civil Part Officer with a letter or other document stating that the judgment creditor will hold the Special Civil Part Officer harmless for any damages that may result from the seizure of the automobile and that they will be responsible to satisfy the registered lienholder's interests, if any, in the event the proceeds from any subsequent sale do not satisfy the registered lienholder's lien.

The judgment creditor's attorney or judgment creditor, if they do not have an attorney, is responsible for making arrangements with an in-county towing company to be present at the time of the levy, to tow the vehicle to a storage facility in the county and to pay the storage fees that accumulate pending the judicial sale. The company must be bonded to cover the value of the vehicle and agree to store the vehicle in the county after the levy has been made. If the Special Civil Part Officer has reason to believe that a breach of the peace may occur during the physical levy, the Officer should contact the local police department and ask that a police officer be present. After making the levy, the Special Civil Part Officer must file a copy of their goods and chattel writ of execution along with a completed Motor Vehicle Commission SS-55 form with the Motor Vehicle Commission. The Motor Vehicle Commission will then record the judgment creditor's levy for 24 months and require the judgment debtor to surrender title papers upon proper sale of the motor vehicle (See Appendix F, Section II(H)(4)). The Officer is required to also send the Notice to Debtor form to the judgment debtor, judgment creditor or their attorney and the Special Civil Part Clerk's Office.

2. Constructive Levy

If the vehicle is locked inside a garage or if the Special Civil Part Officer chooses, with the consent of the judgment debtor and the judgment creditor's attorney or the judgment creditor, if they do not have an attorney, the Officer can leave the motor vehicle in the possession of the judgment debtor. The Special Civil Part Officer then sends or delivers the Notice to Debtor to the judgment debtor, judgment creditor or judgment creditor's attorney if they have an attorney, and to the Special Civil Part Clerk's Office and files the above-mentioned SS-55 form and a copy of the goods and chattel execution with the Motor Vehicle Commission. The Motor Vehicle

Commission will then record the judgment creditor's levy for 24 months precluding the judgment debtor from selling or giving away their motor vehicle during that period of time.

F. Notice to Debtor

The Court Rules require that on the day the Special Civil Part Officer levies on personal property, the Officer must send a copy of the Notice to Debtor, set forth in Appendix VI to the Court Rules, by ordinary mail to the judgment debtor and to the attorney for the judgment creditor, or to the judgment creditor if the judgment creditor is not represented by an attorney. See Attachment B to this Appendix, "Notice to Debtor." The Special Civil Part Officer must also file a copy with the Special Civil Part Clerk's Office but this does not have to be done if the levy was made on a bank account.

G. Certification of Levy

The Special Civil Part Officer must execute a certification of levy stating the date, time, place and amount of the levy and send it to the judgment creditor's attorney or the judgment creditor if they do not have an attorney. In cases involving bank levies, the certification of levy does not have to be executed until the bank or financial institution notifies the Special Civil Part Officer of how much money was seized as a result of the levy. However, as previously noted, if a levy was made by the officer within 30 days of the writ's expiration, the Officer is permitted to retain this writ and levy for an additional 60 days from the date of the writ's expiration, and the Officer advises and copies the Assistant Civil Division Manager or designee with their Certification of Levy. (See Section II(A) of this Appendix F).

H. Execution Sales

1. Threats to Sell Personal Property

Special Civil Part Officers shall not post execution sale notices unless they intend to actually hold such a sale. Special Civil Part Officers shall not threaten to hold a sale of a judgment debtor's personal property when one cannot be held or when a sale can be held but there is no real intention to do so.

The Special Civil Part Officer may utilize the notices set forth in this Directive to tell a judgment debtor what steps may be taken to enforce a judgment. See Attachments C and D to this Appendix, "Sample Notices to Defendants." Both notices should contain the seal of the Superior Court. The purpose of these notices is to stimulate the judgment debtor to contact the Special Civil Part Officer to arrange to make payment without making idle threats.

These notices are not a substitute for the Notice to Debtor, prescribed by *Rule 6:7-1(c)*, which is served on the judgment debtor when the levy is actually made, nor a substitute for the notice of sale indicating the time and place of the intended sale that is to be posted in the sheriff's office.

2. Notice of Sale

In setting the date for a public sale of personal property that has been levied upon pursuant to a goods and chattel execution (writ), the Special Civil Part Officer must allow at least 10 days' notice of the sale date to be served by the judgment creditor's attorney, or the judgment creditor if they do not have an attorney, by certified mail, return receipt requested, on all parties to the

action, the owner of record and any person who has an interest in the property that has been recorded in public records of any court or the county. The Special Civil Part Officer must then post a notice of sale in the sheriff's office at least five days before the date of the sale. The notice must be signed by the Special Civil Part Officer and state the date, time and place of the sale and, if the sale involves a motor vehicle, the notice must contain a description of the motor vehicle. The Officer must also file a copy with the Special Civil Part Clerk's Office.

3. Place of Sale

The sale must ordinarily be conducted at the sheriff's office, but may take place at the facility where a vehicle has been stored, or at the judgment debtor's home, if household belongings are to be sold.

4. After the Sale

If a motor vehicle has been sold, the Special Civil Part Officer must execute and deliver to the purchaser an application for a certificate of ownership, in the form prescribed by the Motor Vehicle Commission, which will contain the name and address of the person from whom the motor vehicle was taken. A copy of the execution and a copy of the notice of sale must be attached to the application. Within 30 days after the sale of any personal property, the Officer must file a certification with the Special Civil Part Clerk's Office which sets forth their bill of costs and execution fees, the date, place and time of the sale, the amount due on the execution as of the date of the sale, and the amount for which the property was sold.

I. Resolution of Disputes Regarding Fees and Dollarage

Pursuant to *N.J.S.A. 22A:2-37.2*, a Special Civil Part Officer is entitled to his or her fee or dollarage when a levy made by the Special Civil Part Officer is the effective cause in producing payment or settlement of a judgment. Special Civil Part Officers retain the right to collect their fees or dollarage through an independent civil lawsuit and/or a motion in the underlying case. Issues pertaining to the appearance of conflict, as a result of any such lawsuit or motion, shall be addressed by the Assignment Judge or designee assigned to hear the suit or motion. The Assignment Judge must be immediately informed by the Officer if there is any civil litigation that they, or their immediate family members, are involved within their county of appointment. (See Section V (C) and Appendix D – Disclosure Form)

J. Coordination of Collection Efforts With Other Officers

On any given case there may be more than one execution issued to two or more Special Civil Part Officers. Upon receiving notice that this has occurred, each Officer must contact the other Officer(s) and coordinate their collection efforts to avoid overpayment by the judgment debtor.

III. Service of Post – Judgment Process Issued by the Civil Part

Special Civil Part Officers who serve post-judgment process issued by the Civil Part in L and DJ docket type cases shall comply with the process outlined above in Section II of this Appendix, and in addition shall comply with the following:

A. Rule Requirements

All writs of execution and/or possession bearing L or DJ docket numbers are filed and cognizable in the Superior Court, Law Division. As such, said executions are governed by *R. 4:59-1(a)* which states that “Unless the court otherwise orders, every writ of execution shall be directed to a sheriff ...” This rule and *R. 6:1-1(e)* both state that “A writ of execution issued by the Civil Part of the Law Division shall not be directed to a Special Civil Part Officer except by order of the Civil Presiding Judge and such order shall specify the amount of the Officer’s fee.” *R. 6:1-1(e)* further requires the Special Civil Part Officer in such cases, “... to account to the court for all funds collected and disbursed pursuant to the writ and ... to obtain and file a bond in such sum and form as the Civil Presiding Judge may deem necessary.” To aid in tracking such orders, the Civil Presiding Judge shall file them in the Civil Part, and send a copy to both the Civil Division Manager and Assistant Civil Division Manager.

The Officers shall not serve or process any such executions absent compliance with these rules. Specifically, the Officers shall not serve or process any such executions absent the Officer’s fee being addressed in the order. The Officers shall be required to present a copy of any such order to the Civil Division Manager prior to processing any such execution.

B. Bond Requirements for Civil Part Executions

In matters cognizable in the Civil Part, where the judgment amount exceeds \$15,000, Special Civil Part Officers shall provide such bond or other security as may be necessary to indemnify creditors and the State of NJ in the event of loss or misuse of funds. This amount shall be set forth in the aforementioned order and the Officers shall be required to present proof of compliance with the bonding requirements to the Civil Division Manager and the Finance Division Manager prior to processing executions, as defined in this section.

C. Geographic Limitation

Special Civil Part Officers shall not serve nor process any executions, as defined in this section, outside the geographic limits of the county/venue in which he/she has been appointed.

IV. Procedures and Fees for Evictions

A. Service and Execution of Warrant for Removal

A warrant for removal cannot be executed by a Special Civil Part Officer earlier than the third business day after service on a residential tenant. This additional three day period does not apply to commercial tenancies; the Special Civil Part Officer may proceed to evict a commercial tenant on the day a warrant is served. The warrant must be executed between the hours of 8:30 a.m. and 4:30 p.m. on a day when court is in session in order to permit the tenant to seek relief from the warrant while the court is still in session that day.

A Special Civil Part Officer who has reason to believe that a breach of the peace may occur during the execution of the warrant for removal should request assistance from the local police department. The police cannot execute the warrant, but they can stand by to prevent a breach of the peace.

B. Officer Fee for Issuance/Execution of a Warrant for Removal in Tenancy Actions

The court charges a landlord \$35.00 for issuance of the warrant for removal in tenancy actions. The Special Civil Part Officer is paid \$10.00 from this fee, for service and execution of this warrant of removal, pursuant to *N.J.S.A. 22A:2-37.2(a)(8)*.

C. Mileage Fee for Service and Execution of the Warrant for Removal in Tenancy Actions

The Special Civil Part Officer is paid an additional mileage fee for service and execution of the warrant of removal, pursuant to *N.J.S.A. 22A:2-37.1(a)(6)*. The applicable mileage fee for service of the warrant of removal is collected by the court from the landlord and then paid to the Officer. The applicable mileage fee for execution of the warrant of removal is paid directly to the Officer by the landlord. Mileage fees are allowed only for travel actually incurred to serve or execute the warrant of removal.

D. Fee for Additional Services

The execution of the warrant for removal requires the landlord to contact the Special Civil Part Officer, who originally served the warrant of removal, to schedule the date and time of the Officer's timely execution of the warrant of removal, in accord with *Rule 6:7-1(d)*. The landlord must provide the Officer with access to the rental property on the date and time that the Officer has agreed to perform the execution. The Officer shall announce his/her arrival at the rental property demanding all tenants, if any, to vacate immediately. The Officer shall inspect the rental property to determine if all tenants have departed. In the event tenants remain at the time of execution of the warrant of removal, and the Officer has reason to believe that they have no intention to leave and/or otherwise may breach the peace, the Officer shall immediately contact the police within the municipality that the rental property is located within, requesting assistance. The Officer shall affix the warrant of removal and the final "Eviction Notice to Tenant" form, or a form comparable thereto, to the primary door of the rental premises. (See Attachment E to this Appendix).

No "additional services," beyond the execution of the warrant of removal as defined above, is required. For each execution of a warrant for removal in tenancy actions, the Special Civil Part Officer, upon request and agreed to by the landlord or landlord's representative, may perform additional services beyond the execution of the warrant of removal. The fee for additional services, if any, may not exceed \$75. However, the Civil Presiding Judge can permit prior thereto, in writing, for the Officer to charge more than \$75 in certain circumstances deemed appropriate by the Civil Presiding Judge, as per Section V., C herein. The additional services fee, if any, and applicable mileage fee for executing the warrant of removal, shall be paid by the landlord directly to the Special Civil Part Officer and the Special Civil Part Officer must indicate the amounts thus received in the spaces designated for that purpose on the warrant and issue a pre-numbered receipt for those amounts to the landlord or landlord's representative. If the landlord or landlord's representative does not request and/or agree to pay for any additional services, the Special Civil Part Officer shall execute the warrant of removal only, as defined herein, upon payment of the mileage fee by the landlord, and without performing any additional services.

The Officer can demand the time and manner of payment from landlords in their county of appointment, as permitted by the Assignment Judge. Otherwise, the Officer can only demand payment in advance from a particular landlord if that landlord or their representative previously failed to timely appear within 30 minutes of their scheduled date and time on a previously scheduled warrant of removal execution. The Officer can also demand payment in cash or certified funds from a particular landlord if that landlord or landlord's representative previously provided a check that had insufficient funds. In

either instance, the Officer must first contemporaneously memorialize this in writing to the applicable landlord or landlord's representative, stating the permissible future basis thereof, and copy the Assistant Civil Division Manager who shall retain a copy. In no event can an Officer retain a fee for anticipated additional services, if those services were in fact not rendered.

APPENDIX G to ADMINISTRATIVE DIRECTIVE #01-15

FINANCIAL REQUIREMENTS FOR SPECIAL CIVIL PART OFFICERS

Introduction

The requirements set forth in this Appendix G to this Administrative Directive deal with banking, record keeping, collections, disbursements, escheatment and the annual financial examination.

I. Banking

A. Trust Account

The Special Civil Part Officer must maintain a Trust Account for collections received on executions and for making disbursements to judgment creditors. When the Trust Account is established, the Special Civil Part Officer should immediately disclose the name of the banking institution, the branch and the account number to the Trial Court Administrator, the Civil Division Manager and the Finance Division Manager.

1. The bank account must be a non-interest bearing checking account in a bank authorized to do business in the State of New Jersey.
2. The name of the bank account, all checks drawn on the account and all deposit tickets must include the words "Trust Account."
3. This Trust Account must be separate from any other business or personal accounts that the Special Civil Part Officer may maintain. Personal funds of the Special Civil Part Officer must not be co-mingled with collections in the Trust Account.
4. The Special Civil Part Officer will not request nor accept an ATM card associated with the Trust Account.
5. Fees earned by the Special Civil Part Officer will be held in the Trust Account until disbursed to the Special Civil Part Officer.
6. Deposits must consist of the exact amount of collections and/or replenishments of bank service fees.
7. The Special Civil Part Officer must replenish any service fees charged to the account by the bank within 20 business days of notification of the charge.

B. Trust Account Bank Reconciliation

The bank reconciliation process serves to reconcile the cash receipts and disbursements journals and cash book balance recorded in the Accounting System of the Special Civil Part Officer with the records of the bank as indicated on the monthly bank statement.

The bank reconciliation must include the preparation of an Outstanding Check list that indicates all checks that have been issued and not cashed by the bank as of the last date of the bank statement. The Outstanding Check list must contain the following:

Check Date
Check Number
Venue/Docket Number
Payee
Amount

The amounts and dates of deposits in transit, if any, must be listed individually on the bank reconciliation.

Any errors or discrepancies identified by the bank or the Special Civil Part Officer must be addressed within five business days of the receipt of notice from the bank that an error or discrepancy has occurred or the availability of the bank statement, whichever is sooner.

Each month the Special Civil Part Officer must submit a copy of the trust account bank statement, the associated bank reconciliation, an outstanding check list, and an analysis of the adjusted bank balance documenting pending liabilities associated to these funds. Additionally, documentation must be included to support the manner in which any errors or discrepancies were addressed and/or any amounts presented on each schedule. This complete submission must be forwarded to the Finance Division Manager by the 20th day of the month subsequent to the bank reconciliation date. See Attachment A to this Appendix for examples of the three schedules required to be submitted monthly. If there are unaddressed errors or deficiencies, the Finance Division Manager will advise the Trial Court Administrator and Civil Division Manager. The Assignment Judge or designee will determine if additional work will be assigned to the Special Civil Part Officer while the errors or deficiencies remain unaddressed.

C. Outstanding Checks

The Special Civil Part Officer shall review the Outstanding Check list monthly to determine if any check has remained outstanding for more than three months. The Special Civil Part Officer shall contact the payees of such checks and additional disbursements shall not be made to them until the verification of their address has been made by the Special Civil Part Officer.

II. Accounting System

The Special Civil Part Officer must maintain a computerized Accounting System for recording and processing financial transactions pertaining to executions that are managed by the Special Civil Part Officer.

The following two options regarding an Officer's computer shall be available to the Officer. The computer utilized shall either be used solely for the purpose of processing transactions related to the executions the Officer is managing or, in the alternative, be equipped with two hard drives, one of which shall be used solely for the purpose of processing transactions related to the executions the Officer is managing. No personal or non-business related data shall reside on either a business-only computer or a business-only hard drive. The AOC or the Trial Court Administrator may, at any time, require that the business-only hard drive or the hard drive of the business-only computer be temporarily surrendered so that an image of the drive can be made. In the event the business-only computer or the business-only hard drive houses personal or non-business related data and an image of the hard drive must be made by AOC and/or vicinage personnel, the Officer's expectation of privacy is relinquished.

Officers who currently maintain their records manually must transition to a computerized Accounting System by the end of the next review period following the date this Administrative Directive is issued. All active writs assigned to the Officer must be back loaded on the system. The Accounting System used may be developed by the Special Civil Part Officer and, as such, the system must contain the basic components needed for the recording of and reporting on financial transactions, calculating the amount that is due to the judgment creditor and calculating the amount due in fees to the Officer.

III. Financial Reporting

The Special Civil Part Officer must maintain the following financial reports:

A. Cash Receipts Journal

A recording and summation of all collections received/bank deposits.

B. Cash Disbursement Journal

A recording and summation of all disbursements.

C. Individual Subsidiary Ledgers

An individual record in the Accounting System on which every execution issued to the Special Civil Part Officer is documented, the collections and disbursements pertaining to the execution are documented and the remaining balances to be collected are maintained.

- 1) The ledger must contain the name of the judgment-debtor, the title of the case and court, the docket number, the nature of the execution, the date the execution was issued, the name and address of the garnishee, if any, as well as the name and address of the attorney or person to whom remittances are to be made and remarks.
- 2) The ledger must indicate the amount collected and due to the judgment creditor, the fees which the Special Civil Part Officer has earned and the total amount due from the judgment debtor.
- 3) The ledgers must be maintained in alphabetical order or numerically and indexed.

D. Accounts Receivable

A listing of all open executions with the amount remaining to be collected.

E. Accounts Payable

A listing of all collections received, deposited, posted and due to be disbursed on executions and the related fees due to the Special Civil Part Officer.

F. Collections Not Disbursed

A listing of all collections received and deposited but not yet posted to the execution.

G. Check Register

A listing of all checks disbursed by the Special Civil Part Officer.

IV. Collections and Disbursements

A. Collections: Judgment Debtor

1. The judgment debtor shall make all checks payable to the Special Civil Part Officer whose name appears on the execution and shall be advised to include the name of the case and the docket number on the face of the check.
2. Collections on executions must be deposited into the Trust Account within five business days of receipt of the collection by the Special Civil Part Officer.
3. Collections on executions must be deposited into the established Trust Account only.
4. Copies of deposit slips and checks must be maintained and available for audit review.

B. Manual Receipts

The Special Civil Part Officer must issue a manual receipt any time currency is received.

The Special Civil Part Officer must maintain a manual receipt book with original and duplicate pre-numbered receipts. The manual receipt must contain all information pertaining to the receipt of the currency, that is, the amount of the currency received, the date the payment was received, the name of the party making the payment, the title of the case and docket number.

2. Checks shall be issued in sequential order; any deviation from sequential order must be documented.
3. Disbursements must be made at least monthly; disbursements may be made more frequently than monthly at the discretion of the Special Civil Part Officer or as ordered by the court.
4. Disbursements must be made by the 15th day of the month following the month of deposit.
5. Voided checks must be retained and available for audit review.
6. Cash withdrawals from the Trust Account are prohibited.

D. Disbursements: Special Civil Part Officer Commission

A Special Civil Part Officer's commission (also known as "dollarage") is earned when monies are **collected, applied to the execution and deposited** into the Special Civil Part Officer's Trust Account. Advances on unearned dollarage are strictly prohibited.

Special Civil Part Officer dollarage must be disbursed by electronic transfer or check from the trust account to the Special Civil Part Officer at least monthly. Dollarage checks must be cashed or deposited within 30 days from date of issuance.

V. Escheatment

The Special Civil Part Officer shall escheat unclaimed and undeliverable funds annually to the State of New Jersey Treasury, Unclaimed Property Section, in accordance with the requirements of the State of New Jersey Treasury, Unclaimed Property section pursuant to *N.J.S.A. 46:30B-1 et seq.* The escheat process shall be performed by November 1 of each year for the period ending the prior June 30. By November 15th of each year, the Special Civil Part Officer shall report in writing to the Trial Court Administrator or designee to confirm compliance with this escheatment requirement.

The Special Civil Part Officer must maintain a record of the information regarding ownership of funds that have been escheated for 10 years following the escheatment.

There are two types of funds to be considered for escheatment:

A. Escheatment of Outstanding Checks

The Special Civil Part Officer shall determine if there are outstanding checks that are eligible to be escheated by reviewing the Outstanding Check List from the June 30 bank reconciliation. Checks that have remained outstanding, or not cashed, for one year or longer from the date of issue are eligible for escheat. For example, as of June 30, 2014, checks issued from July 1, 2012 through June 30, 2013 that are outstanding on June 30, 2014 shall be escheated by November 1, 2014.

After identifying the eligible checks that shall be escheated, the Special Civil Part Officer shall prepare a list of the eligible checks along with the names and addresses of the payees/owners of the eligible checks and amounts. The list, along with a check drawn on the trust bank account for the total amount of the eligible checks to be escheated, must be forwarded to the State of New Jersey, Treasury, Unclaimed Property by November 1.

When the monies are escheated, the eligible checks shall be removed from the Special Civil Part Officer's Outstanding Check List for the month in which the escheat has occurred.

B. Escheatment of Unclaimed/Unidentified Collections

The Special Civil Part Officer shall determine if there are funds that have been collected that cannot be identified and disbursed due to the lack of payee information, etc. that are eligible to be escheated.

The cost of each financial examination is the responsibility of the Special Civil Part Officer. The Special Civil Part Officer is responsible for entering into an agreement with the accounting firm to perform the examination and for prompt payment of the firm's fee.

F. Accounting Firm's Work Papers

The accounting firm's working papers that are relative to the financial examination shall be made available to the Internal Audit Unit of the Administrative Office of the Courts and/or Vicinage Finance Manager upon request.

G. The Financial Exam Method and Form

1. The accounting firm must agree to conduct the examination pursuant to attestation standards established by the American Institute of Certified Public Accountants and agree to perform the 6 procedures incorporated in the "Sample – Agreed Upon Procedures Report". See Attachment C of Appendix G.
2. The financial examination procedures apply to all executions issued to the Officer by the Civil Part and the Special Civil Part of the Superior Court, Law Division.

3. The accounting firm is permitted to make inquiry into any execution assigned to the Special Civil Part Officer, whether issued out of the Civil Part, Special Civil Part of that Vicinage, or out of another Vicinage.
4. The accounting firm must utilize the Central Writ Register and the list of Civil Part writs assigned to the Officer, obtained from the Civil Division Manager or designee, to verify that all executions assigned to the Special Civil Part Officer are included in the financial examination and are recorded in the Special Civil Part Officer's Accounting System.
5. The accounting firm shall have access to any other books and records of the Special Civil Part Officer to the extent required for the financial examination.
6. The accounting firm may communicate directly with a representative sample of judgment debtors and judgment creditors to verify payments made or received or to confirm the balance to be collected on the executions.
7. A minimum sample of 50 "Letters of Verification" that confirm the balance remaining to be collected on an execution shall be mailed by the accounting firm to a representative number of judgment debtors, judgment creditors, and garnishees. See Attachment B of this Appendix, "Letter of Verification."

H. Financial Examination Report Content

1. The financial examination report shall include a list of procedures performed and results obtained that will indicate if the Special Civil Part Officer has met the requirements of this Directive.
2. The financial examination shall include the audit period's month end bank reconciliation and supporting outstanding check list.
3. The financial examination report shall include a listing of monthly cash receipts and disbursements for the examination period and the amount of fees earned by the Special Civil Part Officer each month during the examination period.
