

Retention of Tapes From Sound Recording - Tax Court

Directive #6-81
Issued by:

July 14, 1982
Robert D. Lipscher
Administrative Director

Effective immediately, tapes from the sound recording equipment used to record proceedings in the Tax Court shall be retained for a period of five years. Upon expiration of the five-year retention period, all tapes shall be erased so as to permit their reuse.

EDITOR-S NOTE

No change has been made to the original text.

Reuse of the sound recording tapes after the five year period is limited. Tapes reused more than one time may become too brittle for play.
