

Intercounty Support Case Transfer Policy and Procedures

Directive #8-90
Issued by:

October 12, 1990
Robert D. Lipscher
Administrative Director

Available for your use are the revised policies and procedures which are to be used in implementing *R. 5:7-4* which allows the transfer of support cases from one county to another.

The revisions were developed by a committee appointed by the Conference of Presiding Judges and have been approved by that Conference.

Any questions regarding this directive may be addressed to the AOC's Child Support Enforcement Services Unit at (609)292-8908.

EDITOR-S NOTE

The directive has been modified to delete all references to an earlier directive, #4-88, which has been wholly superseded by this directive. The policies and procedures manual is not attached hereto and the directive has been modified to indicate that it is available through the AOC. The last paragraph was amended to delete the name of the person heading the Child Support Enforcement Services Unit at the time the Directive was issued.
